Career Objective

Full Stack Web Developer with strong programming skills in C, C++, Java, and modern web technologies (HTML, CSS, JavaScript). Experienced in backend development with Spring Boot and database management using MySQL. Passionate about building responsive websites, creative designs, and delivering impactful digital solutions. Seeking an opportunity to apply technical and creative skills in a professional environment.

Projects & Relevant Experience

- **CGPA Calculator** – Built using React for frontend and deployed on Vercel.
- **Portfolio Website** – Showcases web development, design, and programming projects.
- **Spring Boot & MySQL Projects** – Developed backend applications for practice and learning purposes.
- **Student Mentorship** – Mentored peers at Career IT Institute on programming and office tools.

Educational Qualification:

1. Bachelor of Science (BSc):

Institution : Southeast University

Department : CSE

Semester : 9th Semester running.

Passing Year : Ongoing.
